

As of April 1, 2021 and for the coming season Broward County has lifted outdoor restrictions. Unfortunately changes occur with alarming frequency but if this edict holds we will find ourselves a lot closer to what we remember as normalcy. Our pools and Tiki hut are fully open. (At this writing face masks and social distancing are still required in enclosed public facilities).

There also have been some changes with which you may not be familiar. We have enlarged the south patio making it more comfortable for additional social gatherings and we have installed a smaller picnic type barbecue next to the south wall for anyone to use. Large umbrellas are everywhere and solidly secured by concrete stands. For easier access to our beautiful beach, we have installed a solid walkway ending just beyond the dunes that is wonderfully comfortable to walk on and is also handicap accessible. Additionally, our parking lot has been redone and renumbered. Also, for the security of our owners and guests, we have installed cameras to monitor all parts of our complex 24/7 and tapes are held for 30 days. So all of us here welcome you back to, what we hope and pray, is the new normalcy.
